PROJECTS

Fitness Coaching Website | Lethbridge Polytechnic, UI/UX Design course, 2024

Figma, Wix

- Designed a full website for a personal fitness coaching company inspired by Calgary Barbell.
- Created data flow diagrams, built wireframes, and created interactive prototypes in Figma.
- Implemented the design in Wix and conducted live usability testing to identify navigation and layout improvements.

Systems Analysis & Design Project | Lethbridge Polytechnic, 2024–Present

Team Project, Milestone 5 of 10

- Collaborating with a diverse team to design and implement an IT solution for a local client.
- Producing front-end mockups, documenting back-end requirements, and creating use-case diagrams to optimize the transition from design to implementation.
- Preparing milestone presentations while gaining experience in professional documentation and systems analysis.

WORK EXPERIENCE

Gymnastics Summer Camp Coach | Lethbridge, AB

June–Aug 2023, June–Aug 2024

- Led daily activities, maintained safety, and managed group coordination.
- Built strong communication, leadership, and adaptability skills.

Spray Foam Labourer | Lethbridge, AB

August 2023 – August 2025 (Seasonal)

- Collaborated within a safety focused, team and mentorship environment.
- Supported equipment handling, site prep, and problem solving under deadlines.

EDUCATION

Computer Information Technology Diploma (In Progress)

Lethbridge Polytechnic | Expected Graduation April 2026
